

OUTSIDE PLANT NETWORKS

From design to installation, TELECON means professionalism, expertise, excellence and reliability.

CABLE NETWORKS

Whether a large or small worksite, TELECON teams -- managers, engineers and technicians -- possess the knowledge and the technology to evaluate, plan, design, build and install every network component to highest performance standards, no matter how complex the project.

SERVICES OFFERED

SUPPLY

- ▶ Material and installation:
 - outside plant copper, coaxial and optical fibre cable (aerial, underground, buried)
 - electrical network
 - network modules
- ▶ Design and construction:
 - shelter and network module foundations
- ▶ Material and building:
 - underground ducting
 - access manhole
 - exterior shelter
- ▶ Fusion of optical fibre
- ▶ Cable pulling (aerial, underground or buried)
- ▶ Construction of access road, foundations and structures
- ▶ Directional boring
- ▶ Pole planting and anchoring
- ▶ Fulfillment of architectural work

SPlicing

- ▶ Cable splicing:
 - optical fibre
 - copper

TESTS

- ▶ Specialized tests
- ▶ Compliance test – copper and optical fibre

MAINTENANCE

- ▶ Detection:
 - underground infrastructures
 - underground or buried cables
- ▶ Repair and maintenance:
 - exterior network copper, coaxial and optical fibre (aerial, underground, buried)
 - electrical network
 - foundation for shelters
 - network modules
 - grounding system
- ▶ Repair:
 - underground ducts
 - exterior shelters
 - anchoring
- ▶ Repair and rebuilding of access manhole

TELECON is here to make sure you move forward.

NETWORK DESIGN

- ▶ Engineering
- ▶ Design of grounding system
- ▶ Installations Survey
- ▶ Structural analysis

Building communications for the future.

CONSTRUCTION AND INSTALLATION

TELECON builds and installs high-technology networks to the most exacting standards. It is a detailed process involving every step from planning to completed installation.

TELECON experience makes all the difference in maintaining complex equipment. It is the key to networks that last and last.

MAINTENANCE AND REPAIR

Beyond construction and installation, TELECON maintenance and repair services ensure optimum performance and complete peace of mind.

EMERGENCY

Operating 24/7, TELECON's emergency services are able to restore service when the unexpected occurs.

Infrastructure Specialists

As a leader in the Canadian telecommunications industry for over 40 years, TELECON is committed to thriving on excellence, evolving and embracing technological change, and bringing you best-in-class service.
